Logix Group, the leading realtors in India, has announced today the launch of its Logix City Centre in Noida having state-of-art architecture, which will have mix of luxury brands, entertainment, corporate houses and serviced apartments. This will be operational before the Diwali festival. Logix City Center is the mixed use commercial project and this is the first such Mall and Commercial hub being commissioned by the Logix Group. The total cost of this project is approximately Rs. 1,000 crores.

This project is strategically located near the Noida City Center in Sector 32 of Noida and is just walking distance from the close by metro station. This project is spread over 6 acres and will have integration of retail, hospitality and corporate houses, which will be available on lease basis. Logix Group will not sell any property and all the administration and control will be in the hands of the group for its smooth functioning. This Commercial Center will have over 7 lac sqft of retail and entertainment, over 4 lac sqft of premium corporate office towers alongwith with one 5 Star Luxury Hotel of 250 rooms.

2BHK Affordable @ 20 Lac

Booking Open For Limited Period. Apartments in Sector 84 Gurgaon

One of the key features of Logix City Centre is that it has PVR Superplex, which is a 15 screen multiplex cinema screens which will give the first-ever IMAX cinema viewing experience to Delhites and to Noida residents.

The other highlight of this Center is its Destination Couture center where the reputed fashion designers will have the opportunity to set-up their shops at very low rentals compared to Delhi. This is the reason that this Mall has been launched today when India Couture Week 2014 is underway in New Delhi. The visitors to this Mall will have the advantage to get entertained and shop for the latest designs and fashion under one roof.

Speaking at the launch event in New Delhi, Mr. Shakti Nath, CMD of Logix Group said, "We are pleased to launch Logix City Center during the India Couture Week 2014. The six-day fashion week event will eye witness the grand launch of The Logix City Center. The Logix City Center is coming up with 15 screen state of art multiplex PVR entertainment as well as first Imax of North India. The Mall will also have largest HyperCity to provide truly international shopping experience, where customers can also shop in comfort in a large modern and exciting environment. Many national and international brands outlets including Shoppers Stop will be there in the Mall to offer a complete range of apparel and lifestyle accessories to cater to every lifestyle need."
